Profile

I am a highly skilled front-end developer with 3years plus of hands-on experience in developing robust applications using Reactjs (JavaScript) and Python(FastAPI). My expertise extends to various JavaScript technologies, including NextJS, NodeJS, Express and jQuery. Throughout my career, I have been an integral part of several successful projects, contributing to their design, development and deployment phases from conceptualization to implementation. My journey is marked by a commitment to innovation, continuous learning and delivering impactful solutions. I excel not only in technical proficiency but also in fostering collaboration, problem-solving and adaptability to emerging technologies. I am now seeking a challenging role where I can leverage my technical skills and problem-solving ability to create cutting-edge software solutions, while continuing to grow and innovate in a dynamic environment.

Education

Federal University of Technology Akure, Nigeria.
Bachelor of Technology
